

# ECS307

## Identification

Example: ECS 307-3  
 E: Boron Free E – Glass  
 307 : CPIC sizing reference  
 CS: Chopped Strands  
 3: Chopped length (mm)

## Product Description

Standard product for PC, glass fiber content more than 15%. Applied in automobile and electric products. FDA approval and NPE free.

## Product Benefits

- Unique surface treatment technology
- Good dispersion
- High mechanical properties
- Good operability of the process
- Good resin bond

## Technical Characteristics

Sizing type	Filament Diameter (μm)	Moisture content (%)	Loss on ignition (%)	Integrity (g)
---	ISO1888	ISO3344	ISO1887	*CPIC/TM-13
Silane	13 ± 1	≤0.05	0.55 ± 0.1	≤5

Product Code	Type of Glass	Filament Diameter (μm)	Chopped Length (mm)
ECS307	E	13	3

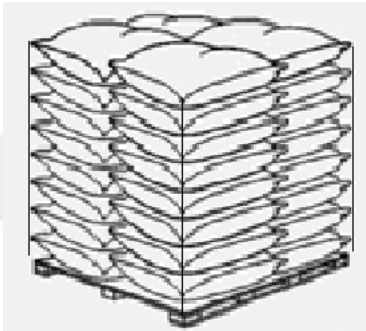

## Packaging

Available in two packaging:

1. The bottom of the ease of unloading tons of polypropylene super sack bag
2. More flexible coated paper bags

## Pallets characteristics

Package	Weight (kg)	Bag number per pallet	Pallet size (mm)
Super sack bag	1000	1	1140*1140*1100
Coated paper bags	25	40	850*500*120

Note: Please contact us if you have special requirements.

## Storage

If no special requirements, it should be stored in cool and dry place. It is recommended that the temperature control in the 10-30°C, moisture control in 50-75%.

- This product before use should always be placed under the sealed packaging.
- Pallet stacking height should not be more than one layer.
